

Asphalt Water Bath

This bath is to heat asphalt sample in water.

Model	QRAWB-1101
Dimension	400 × 300 × 250 mm
Temperature	0 ~ 99 °C

Core Drilling Machine

This equipment is a portable type and used to pick concrete or asphalt sample for test.

Model	QRCDM-1101
Engine	AC motor 2.6 kW
Cooling Device	Water cooling type
Cutting Core Size	Ø101.6 mm
Extension Shaft	1ea
Load Speed	First: 320, Second: 550, Third: 1 100 rpm
Moving Device	Manual handle
Weight	31 kg

Pavement Road Flatness Tester

This is a tester to measures flatness of the road surface after pavement of asphalt or concrete.

Model	QRPP-1101	QRPP-1102
Material	Aluminum	
Dimension (mm)	7.6 m	
Chart Paper	30 cm × 10 m	PDA, PC
Wheel	Hard rubber and steel wheel
