

Incubation temperature chamber

This chamber used for constant temperature, humidity, low temperature and high temperature tests.

Model	QRITC-301
Temperature	Max. 150, -40 °C
Humidity	20 ~ 98 % RH
Control	Digital PID controller
Data Record	Exclusive software and touch type computer
Internal Dimensions	500 × 500 × 600 mm
External Dimensions	1 200 × 1 000 × 2 500 mm
Internal Material	SUS 304
External Material	SS400 Powder coating
Insulation	Ceramic wool+ glass wool
Door Packing	High Temp. grade foamed silicone rubber
Safety Device	Over Temp. limit
Power (kW)	3P, 220 V, 15 kw
Weight (kg)	900
