

Keyboard Compression Tester

This tester is used to test repeated durability and compression of rubber, silicon and button.

Model	QRKCT-501
Type	Digital and computer
Load Cell	60 N (1g)
Operation	Program
Press Plate	5, 10, 15, 20 mm
Motor	Servo
Dimension	1 000 × 800 × 600 mm
Power	220V, 1 kW

Keyboard Durability Tester

This tester is used to test repeated durability of rubber, silicon and button.

Model	QRKRT-501
Type	Digital
Speed	3 C/S
Load Cell	150 g
Press Plate	5, 10, 15, 20 mm
Counter	Digital counter
Dimension	1 000 × 800 × 600 mm
Power	220V, 0.5 kW

Film Bending Tester

This tester is used to test bending of flexible liquid crystal of mobile phone, tablet and computer.

Model	QRFBT-301
Load	200 N
Test Speed	0.1 ~ 150 mm
Displacement Measurement	Laser
Press Down	Spring pin
Bending Range	10 ~ 150 mm
Dimension (mm)	550 × 380 × 300 mm
Weight (kg)	30
